Aadhaar is a 12-digit unique number that is identity proof for Indian citizens. Linking an Aadhaar Card with your mobile number is very important nowadays because all the important information regarding your card like OTP (one-time password) is sent to your registered mobile number. An Aadhaar card is a document that is required for almost every government and official work. If you want to open a new bank account, apply for a driving license, apply for a passport, apply for ratio cards, buy a vehicle or a SIM card, and more. the document and how important it's to link your Aadhaar Card with your mobile number. If you're still unaware of the fact whether your phone number is linked with the Aadhaar card or not, then you have absolutely landed on the correct page. In the blog, we have explained how to check your mobile number is linked with the Aadhaar card or not. Also Read: New Aadhaar card: How to apply for Aadhaar card online, check status, download, and more How to check the mobile number that has been declared at the time of enrolment or during the latest Aadhaar detail update," as per the UIDAI official website. In case, you are not sure about the mobile number which you have linked to your Aadhaar card, then follow the given below steps: First, head to the official website of the Unique Identification Authority of India (UIDAI) by clicking here. On the homepage, click on the "My Aadhaar" drop-down menu, head to the Aadhaar Services category and click on Verify Registered mobile or email id. Now you have to enter the same). Now you need to enter the same). Now you need to enter the same). Now you need to enter the same). dialogue box is correct then you will see a pop-up message stating "The mobile you have entered already verified with our records." This means your number is not linked with the respective Aadhar Card, but in case then the mobile you have entered doesn't match with UIDAI records. How to find out which mobile number is linked with Aadhaar Cepartment of Telecommunications (DoT) has introduced Telecom Analytics for Fraud Management and Consumer Protection (TAFCOP) that allows users to find out which registered mobile number is linked with an Aadhaar Cerd. Here's how it works: First, you need to head to the TAFCOP portal. Then enter your mobile numbers. Now you need t click on the "Request OTP" tab. Enter the OTP number which you can see all the numbers, you can block the ones which you don't use or no longer required. Having said that, the portal is live in only two states: Andhra Pradesh and Telangana, so far. So if you are from any of these states then you can follow the given below steps and check your Aadhaar card serves as identity proof for all Indian citizens, which carries a 12-digit identification number. The unique number is issued by the Unique Identification Authority of India. Aadhaar carries a lot of information about an individual, it has a person's biometric details like fingerprints, iris, and photographs. Besides, it also has your address, date of birth, age, gender, mobile number, email address, and more. Aadhaar is very important and all the citizens of India must have one. In case you're planning to file your Income Tax then your Aadhaar card has to be linked with your PAN card. Also Read: Aadhaar: How to update or change registered mobile number in Aadhaar Unique Identification Authority of India (UIDAI has introduced a service called "Aadhaar Services on SMS" which enables Aadhaar Services to internet/resident portal/m-Aadhaar etc. to use various Aadhaar services by sending an SMS from Registered Mobile to 1947 in the format mentioned below: GVIDAadhaar-Number-last-4-digits For example if the Aadhaar number is 1234-5678-9123 then SMS - GVID 9123 and send it to 1947 If using Aadhaar Number: GETOTPAadhaar-NUMBER-last-4-digits For example if the Aadhaar number is 1234-5678-9123 then SMS - GETOTP 9123 and send it to 1947 2 SMS are required to be sent for this facility. SMS 1 : GETOTPAadhaar NUMBER-last-4-digits SMS 2 : LOCKUIDAadhaar NUMBER-last 4-digits OTP-6-digits For example if the Aadhaar number is 1234-5678-9123 then SMS - GETOTP 9123 and send it to 1947 If suppose you receive the OTP as "012345" then SMS - LOCKUID 9123 012345 send it to 1947 Note: (1) For locking Aadhaar Number, Virtual ID is required to be pre-generated else it you would not be allowed to Lock 2) In case of multiple dependent Aadhaar Numbers are same for at least 2 dependents, then second SMS to be sent as: LOCKUIDAadhaar NUMBER-last 8digitsOTP-6-digits 2 SMS are required to be sent for this facility.
